

Autumn Term 1 Optional Home learning

(Choose in any order)

Go for an **Autumnal walk**, using your senses and observation skills. You could take photos of what you find, or make an Autumn wreath.

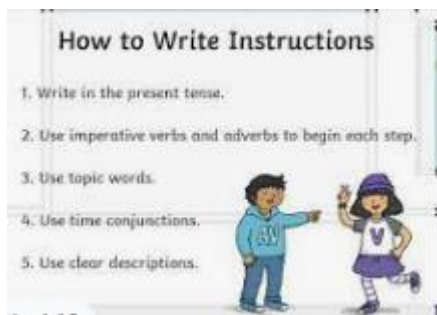

Set yourself a budget, and see how many items you can buy within that price. Can you work out how much change you will get when you go shopping?

Make a den, either inside or outside. **Collaborate** with others.

Write instructions for how you made your den or recipe. Can you create step-by-step instructions? Which imperative verbs can you add?

Make an **Autumnal recipe**. Look at this website for inspiration. Cook with a grown-up, helping with measuring and cooking.

Research, and **be inspired** by, the sculptures of Phyllida Barlow and the music by John Williams.
