

Spring Term 1 Optional Home learning

(Choose in any order and send photo evidence to your teacher)

Celebrate Chinese New Year on Tuesday 1st February. It is the year of the tiger. Try cooking and eating some Chinese food, or make a tiger mask. You could try writing some numbers in Chinese.

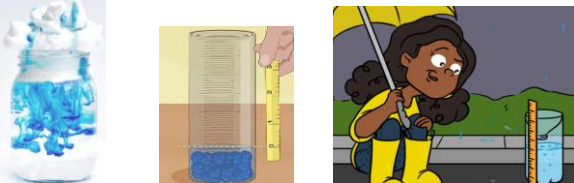

Use this weblink for activity ideas:
<https://buggyandbuddy.com/50-chinese-new-year-crafts-activities-kids/>

It's very rainy outside at the moment - place a container outside to catch some rain, and measure how much you have each week?

Which week is the rainiest?

Can you make a rain cloud in a jar, following the instructions on this STEM experiment?
<https://thestemlaboratory.com/rain-cloud-jar/>

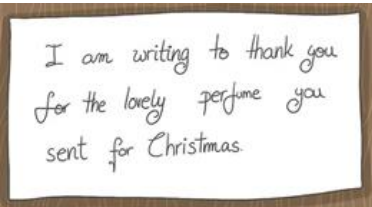

To build upon this term's value of **compassion**, can you do 5 kind things to make people happy this term - show people you care about them and be a secret smile maker!

Simple Ways to show compassion:

- * Actively Listen
- * Spend Time Together
- * Cook a meal
- * Pick Up Groceries
- * Be Present

Write a 'thank you' letter to someone for a gift you received at Christmas time. Add some kind adjectives. Can you post it to them?

Make a bird feeder using materials from around your home.

Take part in the **RSPB Big Garden Birdwatch**, and count how many birds come to your feeder.

28th- 30th January
www.rspb.org.uk

Research and **create artwork in the style** of Alex Konahin using pencil drawing. Try drawing different types of lines: straight curved, looped etc.

Listen to our composer of the month music of **Paul McCartney**.

Extra: Can you research the famous band he was in?
