

# Spring Term 2 Optional Home learning

(Choose in any order and send photo evidence to your teacher, so that it can be shared and celebrated)

**Celebrate the arrival of Easter and Lent** by trying Easter crafts. How about making a wreath to hang in your window, or decorating boiled egg?

**STEM: One cup of Lego challenge.**  
Using one cup of Lego, what can you build? How many blocks fit into your cup? How tall a tower can you build? What creative object can you make? Maybe have a family competition, using a timer.

To build upon this term's value of **Pride**, take inspiration from the Winter Olympics and share an achievement from a club, or physical activity, with your teacher, or as part of celebration assembly on Friday.  
Extra: Write an article about what you achieved.

**Pancake day is 1<sup>st</sup> March.** Can you make pancakes, following a recipe? Ask an adult to help. Write the recipe/order of the instructions. Can you use imperative (bossy) verbs: 'mix the ingredients'? List your topping choice!

<https://www.bbcgoodfood.com/recipes/easy-pancakes>

**Looking for signs of Spring**  
Go on a walk and look for signs of Spring emerging. Use all of your senses. Can you take photos or write a list of what you can spot?

Research and create artwork in the style of **Andy Warhol** using a black and white photocopy of a face and colouring it in with bright colours.

Listen to our composer of the month, **Louis Armstrong**  
Extra: Which instrument could he play?
